From

THE SURGEON-GENERAL WITH THE
GOVERNMENT OF BOMBAY,
Bombay.

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Office of the Surgeon-General
with the Government of Bombay:
Bombay, 10th April 1905.

Sir,

I have the honour to forward, for the information of Government, the Annual Administration Report on the Lunatic Asylums of the Bombay Presidency for the year 1904.

2. On the statistical tables appended at the end of the report, I beg to make the following remarks :—

The total number admitted into the Asylums was 401, of whom 330 were males and 71 females, showing an increase of 59 males and 25 females over the previous year. The percentage of males admitted to total admissions was 82·3, and of females 17·7, as compared with 85·5 and 14·5 respectively in 1903. The total population amounted to 1,183—males 950 and females 233, against 897 males and 217 females—total 1,114 in the previous year. The daily average strength of insanes rose from 797·0 to 823·8. The total number discharged was 289, of whom 257 were males and 32 females, and there were 58 deaths, leaving 836 (males 653 and females 183) at the end of the year. Of the number discharged, 112 males and 15 females were returned as cured, against 72 males and 21 females in 1903 ; 137 males and 14 females were transferred to the care of friends (120 males and 13 females improved and 17 males and 1 female not improved), as compared with 151 males and 16 females in the previous year. Three Civilian criminal insanes were sent to England, 6 were transferred to other Asylums and hospitals, and 2 escaped. Of the total admissions, the percentage cured was 31·7, and of the daily average strength 15·4, as compared with 29·3 and 11·7, respectively, in 1903.

The total number of criminal insanes was 152, consisting of 133 males and 19 females, or an increase over the year 1903 of 16 males and 2 females. The admissions during the year were 40 males and 4 females—total 44, as compared with 25 (males 22 and females 3) in 1903. The daily average strength was 112·2 against 109·1 in 1903.

Of the 401 admissions, 165 were Hindus, 105 Europeans, 5 Eurasians, 15 Native Christians, 85 Mahomedans and 26 of other castes. The admissions by age were as follows:—20 under 20 years, 318 between 20 and 40 years, 60 between 40 and 60 years, and 3 above 60 years of age. Soldiers furnished the largest number of admissions, *viz.*, 99. Merchants and traders numbered 38, mendicants 29, cultivators and labourers 43, domestic servants 21 and clerks 15. In 52 cases the occupation was not ascertained, and 45 had no occupation.

The numbers admitted during the year under various types of insanity were mania 206, melancholia 118, delusional insanity 43, dementia 21, idiocy 8, mental stupor 3 and general paralysis of the insane 2. The admissions from mania and melancholia showed an increase of 29 and 34 cases respectively over the preceding year, whereas those from dementia gave a decrease of 8.

As regards the alleged causes of insanity among the admissions, a cause is given in 207 and is unknown in 194 cases. Of the known causes, 163 cases are attributed to physical and 44 to moral causes. Of the former, the abuse of

spirits and intoxicating drugs accounts for 53 cases, mental trouble 23, previous attacks 22, fever 15, hereditary causes 13, epilepsy 10, sun-stroke 6, injury to head 4, masturbation 3, syphilis, fright and congenital disease 2 each, and plague, small-pox, paralysis, child-birth, climate, sexual excess, miscarriage and hysteria 1 each.

3. During the year under review the health of the insanes has, on the whole, been satisfactory. The daily average sick was 23·6, equal to a percentage of 2·9 on the daily average strength against 4·3 in the previous year. The total mortality was 58, or 8 less than in the previous year. The average ratio of deaths per mille to the total population in all the Asylums was 49·0, and that to the daily average strength 70·4, as compared with 59·2 and 82·8 respectively in 1903. There was a reduction in the death-rate at Naupada, Dharwar, Ahmedabad and Hyderabad, whereas Colaba, Ratnagiri and Poona showed an increase as compared with the previous year. This is accounted for by the fact that a number of cases were on admission in an advanced stage of decline from disease or were suffering from chronic ailment, and were, owing to their disturbed mental conditions, unable to take the rest necessary for the preservation of strength.

4. The total expenditure was Rs. 1,83,712-14-3, as compared with Rs. 1,60,214-3-7 in 1903. Of the total increase, charges on account of works done by the Public Works Department and the indirect expenditure, *i. e.*, the receipts from paying patients and other sources remitted into the treasury as well as the value of manufactured goods made over for Asylum purposes, mainly account for Rs. 11,130-13-6 and Rs. 3,903-3-1 respectively. The establishment cost Rs. 1,942-12-10 more, owing partly to the increase of pay and partly to the entertainment of additional servants. There is an increase of Rs. 4,600-2-0, Rs. 762-14-2 and Rs. 1,711-3-6 respectively under diets, clothing and contingencies, which is attributed to the rise in the population of the Asylums and to the renewal of clothing and articles of contingencies, whereas the expenditure on medicines and stationery, &c., show a decrease over the previous year.

If the sums of Rs. 18,953-12-7 received from paying patients, Rs. 1,693-14-3 on account of the sale of manufactured goods to the public, &c., Rs. 1,978-12-4 made over to the Asylums for Asylum purposes and Rs. 920-12-0 received from miscellaneous sources—total Rs. 23,547-3-2, be deducted from the amount received from the treasury together with that adjusted to Government as "Book Charges," the net cost would be Rs. 1,36,618-7-11, as compared with Rs. 1,20,926-3-5 in 1903, the net cost per head of daily average strength being Rs. 165-13-5 against Rs. 151-11-8 in the previous year.

5. The amount expended for the amusement of insanes was Rs. 1,650-2-9, as compared with Rs. 1,708-11-9 in 1903.

6. The total receipts of the Manufacturing Department amounted to Rs. 4,262-10-1, and debits to Rs. 1,268-2-11, showing a profit of Rs. 2,994-7-2 against Rs. 2,755-10-2 in the previous year.

7. The official visitors were regular in their attendance at all the Asylums.

8. So far as I have been able to judge, all the Superintendents of Asylums and staff have worked with zeal and efficiency.

I have the honour to be,

Sir,

Your most obedient Servant,

W. McCONAGHY, M.D., Surgeon-General, I.M.S.,
Surgeon-General with the Government of Bombay.

STATEMENT No. I.

Showing the Admissions, Discharges, etc., etc., of Lunatics in the Lunatic Asylums of the Bombay Presidency during the year 1904, and provincial totals for two previous years.
